EXPERIENCE

European Service Technician

General Inspection LLC

📅 *2021 to 2023*   📍 *Michigan, America*

Automated vision inspection systems with high-res cameras and proprietary software for quality control in advanced manufacturing and technology industries.

- Troubleshot software and machinery issues, ensuring minimal downtime and high customer satisfaction.
- Diagnosed and repaired machines, ensuring optimal performance and safety compliance.
- Conducted training on equipment and software use, enhancing client proficiency.

UI Developer

The Workshop and Knockout Gaming

📅 *2016 to 2020*   📍 *Málaga, España*

Advanced online gaming solutions, casino platforms, sports betting, and turnkey systems with cutting-edge technology and creative designs.

- Implemented responsive user interfaces for web and mobile applications.
- Collaborated with cross-functional teams to enhance the UX and streamline workflows.

Web Developer

Gandlake, Kicktek and The Firsty Group

📅 *2009 to 2015*   📍 *Newbury, England*

Online services for local governments, eCommerce, eBook conversion, digital publishing services and website development.

- Developed and maintained responsive websites and web applications for clients, ensuring optimal performance, accessibility and user experience.
- Used HTML, CSS, JavaScript, PHP, and various other web technologies.

SUMMARY

I have more than 10 years of experience over a wide range of digital media, including public entertainment, broadcasting, web design, development, and industrial sorting, gauging and inspection.
